1 BACKGROUND:

In common with most other websites, Sandbach Community Church (SCC) use cookies. A cookie is a small piece of text sent from a website and stored in your web browser. The cookie can be retrieved by the website the next time you return to the website, so that the website can, for example, remember your saved preferences. By continuing to use this website you agree to us placing cookies on your computer.

2 WHAT ARE COOKIES?

Cookies are text files containing small amounts of information which are downloaded to your device when you visit our website. Cookies do lots of different jobs, like letting you navigate between pages efficiently, remembering your preferences, and generally improving the user experience. They can also help to ensure that adverts you see online are more relevant to you and your interests.

Cookies can be "First Party", i.e. set by MCC, or "Third Party" – set by another company to perform the function, e.g. Google Analytics.

As with many websites, we may also use Adobe Flash Player to deliver video content to you. Adobe utilise their own cookies also known as Flash Cookies, which are not manageable through your browser settings but are used by the Flash Player for similar purposes, such as storing preferences or tracking users. Further details and instructions to remove this cookie can be found [here](#).

3 HOW CAN I PREVENT COOKIES BEING USED?

When you first visit our website, unless you change your Cookies Settings, we will continue to set all Cookies on your device. You can find out how to do this for your particular browser by clicking "help" on your browser's menu or by visiting <http://www.allaboutcookies.org/manage-cookies/index.html>. You can also find information in our cookies table below regarding disabling specific cookies or click the Cookie Settings button to the right of the page.

However, please be aware that should you choose to disable cookies it may prevent you from taking full advantage of the website and some of the website may fail to work. For example: if you do not consent to Functionality cookies, we wouldn't be able to remember which

geographical location you are from and would not be able to serve you relevant recipes and content for your location. If you do not consent to Advertising cookies, you may be served the same adverts repeatedly and we won't be able to serve you adverts that are personally relevant to you.

4 USE OF COOKIES BY MCC

When someone visits our website we collect standard internet log information. We do this to find out things such as the number of visitors to the various parts of the website. We collect this information in a way which does not identify anyone.

We also allow cookies to be set by a number of independent measurement and research companies. These companies read and write their own cookies onto your devices. For example, these cookies are used to track the adverts and keep count of the number of times that each advert is viewed by users. We use this type of information to help improve the services the website provides to you.

If we do want to collect personally identifiable information through any of the website, we will be up front about this. We will make it clear when we collect personal information and will explain what we intend to do with it. For further details of our Privacy Policy.
